CORDUROY

501651 – 501677

finest quality

A constant favourite, due to its classic look and comfortable wear, Scabal's corduroy collection returns rejuvenated this season. With more than 25 articles in two distinct compositions, it is perfect for ever-dependable trousers, jackets and suits.

The first part of this collection consists of 360gm cotton with added stretch. Available in a range of sporty and classic shades that make it the perfect choice for an active city lifestyle.

The second section is a heavier pure cotton of 380g, making it perfect for even the coldest day. This sturdy cloth is depicted in a host of more adventurous shades but also subtle blues, blacks and greens for the more understated tastes.

TORNADO

705911 – 705952

british suiting

Made in England at the Scabal mill, Tornado has been refreshed with new designs and colours. The feel is always distinctly British but this year-round suiting staple is enhanced by a new selection of checks, motive designs, elegant stripes and now the introduction of a soft herringbone design which is woven on a mayo weave.

Colours are imbedded in the traditional suiting palette of blues, greys browns and black but the details in the grounds and a selection of fancy weaves add interest and texture to without losing its conservative business look.

**SAVILE ROW****705791 – 705840**

anniversary collection

This year marks Scabal's 50th anniversary on Savile Row, London. To celebrate we have created a collection featuring 50 articles all with a distinctly British Feel. The design team have gone back over the past 50 years in the Scabal fabric archives to gather ideas and elements from cloths that were launched in each of the past 5 decades, using these as the inspiration for this new collection.

Made in England at the Scabal Mill this 100% wool is woven with a traditional 2ply yarn to create a 320gm cloth that will be as easy to wear as it is to tailor. The range of designs covers all the pillars of a tailoring atelier, striking checks, subtle herringbones a variety of pinstripes, shadow weaves, a large choice of semi-fancy designs and an interesting selection of plains. Blues and greys dominate the colour palette throughout, with a wide choice of shades available alongside classic black designs.

**FLANNEL & SAXONY****705851 – 705909**

special selection

For centuries, flannel has been used to make clansmen's kilts, and no wonder. Warm, comfortable and durable in the face of harsh Highlands weather, it's the perfect choice. This Super 130's worsted wool collection is available in weights from 290gm up to 360gm which is guaranteed to keep out the worst the winter weather can offer.

The collection opens with a colourful selection of Saxony designs that feel fresh and modern and leads into more traditional designs such as pin stripes, soft checks and glenchecks. The selection of plains is complete and features multiple shades of the essential choices, blues, greys browns alongside a wide selection of fashionable hues, camels, petrol blues, greens in a selection of weights designed to make this collection as adaptable as possible.
